

GEMS XV

As we celebrate our upcoming 50th anniversary, we want to express our sincere gratitude for the unwavering support we have received over the years. Marissa Collections has always been guided by the founders' vision of delivering a thoughtfully curated, artistic perspective on fashion and jewelry.

Within these pages of our 15th volume of GEMS, you will discover the many facets of the Marissa woman through her personal journey of self-expression. Trends do not define her but serve as an inspiration for exploring new possibilities.

This year, our fine jewelry artisans introduced bold, impactful jewelry, such as statement necklaces and oversized earrings. Designers got playful with novelty highlighting fruit, miniature luggage, and articulated robots. Color dominated with emeralds, aquamarine, sapphires, tourmalines, pearls, and coral. Sentimental jewelry, such as locket, hearts, and talismans, continues to express personal stories and values.

As we reflect on five decades of serving our cherished friends, we are deeply grateful for the opportunity given to us by these vibrant communities.

XO Marissa, Burt, and Jay Hartington
